Dear Sir or Madam:

Re: Certification of Canadian residency for the tax year 2017
Tax agreement between Canada and the Republic of Poland
AIR CANADA

This is to certify that, based on available information, you are considered a resident of Canada for income tax purposes for the tax year noted above.

With this certification, the foreign authorities may apply the provisions of an existing tax agreement. This may reduce or eliminate foreign tax on foreign income for a resident of Canada.

Yours truly,

S. Samran
